Volume XXIX. Number 41.

LOUISA, LAWRENCE COUNTY, KENTUCKY, JUNE 26, 1914.

M. F. CONLEY, Publisher.

FOURTH OF JULY
CELEBRATION HEREArrangements About Complete for a Big
Time on That Day.

The committee on Fourth of July arrangements has raised more money than ever before for the Louisa celebration and will have an interesting program.

A street fair will be here on that day, which will add to the attractions for those who care for these things.

The Sunday Schools will render a program that will be worth seeing and hearing.

A base ball game will be played. There will be races, contests, dancing, music, and various other attractions.

Cash prizes will be paid on the following:

Tallest Man, Largest Woman, Ugliest Man, Prettiest Woman, Prettiest Girl 6 to 21 years, Prettiest Baby 6 to 12 months, Largest Married Couple, Best Lady Horseback Rider (astride), Best Old Style Dancer (if 2 or more), Best Fiddler (if 2 or more), Best Boxer over 16, Best Saddle Horse, Mother of Largest Number of Children.

FIRST RUN OF OIL TO
INDEPENDENT REFINERY.

The first run of oil through the new pipe line was made last Friday and three more cars are expected today. The price is considerably higher than the Cumberland line brings, although a slight increase in price has been announced by the Standard interests in this field, so we are informed.

Well No. 3 on the Savage farm is about ready to drill in. This well belongs to the Big Blaine company, which owns this new pipe line.

HEIR TO \$20,000 GOES TO
WORK AND IS DROWNED.

John Brady, of Mayaville, was drowned off the steamer Kentuckian on the lower Ohio river. Brady some time ago inherited \$20,000 from his father, but being industrious and not being able to secure remunerative employment in Mayaville he left and went to Cincinnati, later going on the steamer Kentuckian.

This is a timely warning to the glided youth of other towns not to rashly rush off and go to work.

STOUT "SOAKS" MAN
ACCUSED OF CONTEMPT.

Thos. F. Branson, who operates a saloon in Paris, Ky., was fined \$1,000 and given a jail sentence of six months for contempt of court by Judge Stout. During the March term of court Branson assaulted and knocked down Charles P. Cook, a prominent merchant and churchman, who had testified against him in the trial of an incident charging violation of the liquor laws.

TEMPERANCE MEETING.

On Thursday evening last Mrs. C. M. Freeman, the well known temperance worker and advocate, of Ashland, and the Rev. Dr. Browne, pastor of the Cattedsburg M. E. Church, held a good meeting at the court house, this city. It was held on short notice, but the audience was a good one. Dr. Browne made a fine address. He has a splendid voice, and made an excellent appeal for the cause. Mrs. Freeman spoke briefly and to the point. Before the meeting began she had gathered a goodly number of ladies, clothed them in appropriate regalia and marched through the streets to the place of meeting.

WAS CONSIDERED CRAZY.

Andrew Vamta, alias "John," a Russian in the employ of James See, of this Point, acted very strangely on Tuesday last and made violent demonstrations with an open knife, threatening to do bodily harm to Mrs. See. He was arrested and brought to Louisa and on Wednesday was tried before Judge Clayton on a charge of lunacy. The jury failed to agree and he was sent to jail to await developments. The man had lived nearly two years in the See family.

COURT OF APPEALS.

Miller's Creek Railway Company vs. Barnett, Johnson; appellant objects to the motion heretofore entered and is given time to respond.

Fugate vs. Johnson, etc., Knott; supplemental brief of appellees tendered and ordered filed.

Preston, etc., vs. Town of Paintsville; petition for rehearing overruled.

Allen vs. Shepherd, Magoffin; motion to dismiss appeal overruled.

United Fuel Gas Co. vs. Commonwealth, Lawrence; petition for rehearing overruled.

Davis vs. Clay, Johnson; affirmed.

Court has adjourned until September.

Mr. and Mrs. Jimison Skeams will go to Florida for residence. They had been teaching very acceptably in Cattedsburg and had been elected for another term, but the climate of Florida seemed better to them. They are now guests of Mrs. Jennie Conley on Lock avenue.

Charles Johnston and family have moved from Cabin Creek, W. Va., to Louisa and are temporarily occupying rooms in the R. C. McClure property.

MAY HAVE TEXT
BOOK DEPOSITORY.

The question of whether a general depository for all text books to be used in the common schools shall be established or whether the books shall be shipped direct from the publishers to the local dealers for distribution, has not been determined. It is said that several of the publishing houses, which have secured contracts are opposed to the establishment of a depository, for the maintenance of which they should have to pay jointly.

If one is established, it will be either in Louisville or Lexington. It is said a spirited fight is on for the position of manager of the depository. T. W. Vinson, secretary of the Kentucky Educational Association, and former County Clerk J. A. Boone, of Winchester, are mentioned for the place.

J. D. Williams & Co. were awarded the contract for furnishing Potter's Speller for use in the common schools, and the Transylvania Book Co. got the contract for the writing books, by the State Text Book Commission. This concludes the common school subject.

RURAL SCHOOLS MAY
NOT OPEN ON TIME.

Bowling Green, Ky., June 20.—On account of the delay of the Text-Book Commission in making the adoption of the textbooks for the coming five years the county schools will not be able to open as has been planned on the second Monday of July. As yet, a very few of the large number of textbooks have been adopted, and the remainder of the books cannot be chosen by the time the schools were to open. The delay in opening the schools will throw the closing of school some time in January instead of the usual time at Christmas.

FOREST RESERVE.

Frankfort, Ky., June 18.—The watershed of the Eastern Appalachian slope in Pike and Letcher counties, where the headwaters of the Cumberland, Kentucky, Licking and Big Sand are divided by the ridges of Pine mountain, has been selected by the Government Bureau of Forestry for a forest reserve in Eastern Kentucky, and a reconnaissance crew will go to work in that section the first of July and spend a month locating the most desirable area for reforestation and protection of the watershed. The Government also will select a location for reserves in West Virginia and Virginia, near the Kentucky border, part of the reserve probably running into all three States. The bureau expects to have options ready so that the necessary appropriation may be secured from the next Congress.

State Forester J. E. Barton will meet with the Government crew in the mountains about August 1.

SEWELL CASE ARGUED.

The case of the Sewell heirs vs. Collier and others, in which the title to certain oil lands in Morgan county is involved, was argued before A. M. J. Cochran, Judge of the Federal Court for the Eastern district of Kentucky, at Richmond, last week. Judge Ed C. O'Rear, of Frankfort, represented the plaintiffs, and Judge P. E. Fogg, of Paintsville, and S. M. Nickell, of Lexington, argued the case for the defendants.

The arguments lasted all Monday night and Judge Cochran gave the closest attention to each of the attorneys. At the close of the argument the Court asked that the case be briefed and it will probably be late summer or early fall before a decision is handed down. — Licking Valley Courier.

GOING SOME.

One of Louisa's prominent physicians had a numerous and extended engagement with the stork on Sunday last. The doctor and the bird first called at the home of Mr. and Mrs. Claude Blair in this city. The result of the visit was a daughter. Shortly afterwards a quick trip was made to the home of A. C. Ferrell, at the old Link Burke place, on the Point, where a posthumous daughter was born to Mrs. Sammie Clark, nee Ferrell. Then came a hurry call to Glenhays, distant 14 miles, where the home of Meredith Maynard was brightened by the advent of a son. This day's business, involving a horseback ride of 28 miles, was certainly going some.

THE REV. FREDERICK SHANNON.

The mere announcement that the Rev. Frederick Shannon will preach is sufficient to fill a big church in Brooklyn, that City of Churches and big preachers. The people there hear him gladly and go again. He is noted among notable men, and he is here among his kindred, who, with great respect, think him great, and among those not of kin, who are proud of him and admire the man and the preacher. He will preach at the M. E. Church South next Sunday morning.

CANNEL CITY GRADED SCHOOL.

C. E. Clark has been elected principal of the Cannel City Graded School for the next year. This makes the sixth year that he taught the school and his election is good evidence that he has made good there in the years he has had charge of the school.

Walker Mayo and Fred Walker have sold to Mrs. Lydia Atkins the house and lot now occupied by George Pike, opposite the freight depot. The price paid is said to be \$850. Mrs. Atkins will repair the house and use it as a residence.

Born, Saturday, to Mr. and Mrs. Workman, of the corner of Lady Washington and Perry streets, a son.

STATEMENT ISSUED
BY SENATOR CAMDEN.Conditions as Seen by Kentucky's New
Democratic Senator.

Washington, D. C., June 19.—Upon being asked for some of his views on general subjects before Congress, after being sworn into office, Senator Johnson N. Camden gave the following interview:

"I am fresh from the soil, one of the few farmers in Congress, and, therefore, I know more about Jersey cattle than national legislation. However, even a farmer, sitting back and reading his papers, forms his views on these topics.

"I think President Wilson has handed this most difficult and perplexing Mexican question with signal ability, from a political, economic and humanitarian standpoint. If his mediation plan has a successful and practical issue it will in itself cause him to take rank as one of the very greatest of our Presidents. It will do more to establish world-wide peace, demonstrating that international arbitration, or mediation, as a preventive of war is feasible and practicable, and not a Utopian dream; and even if his wise and humane effort along these lines should fail, he will have gained for the United States the confidence and good will of the Latin-American people. It is believed and asserted by many that we were not ready for intervention or war; that our forces were not on a war footing, and if this be true, then he has shown a masterly inactivity in marking time.

"Mexico is the treasure house of the world, and American brains, energy and money will find freer protection and be upon a more favored basis there than ever before when the present difficulty is straightened out."

Trust Legislation.

"How about trust legislation?" "There is no panic or depression, but unmistakably the business of the country is in a state of suspension. The calamity howlers and partisan politicians of the other side are beginning to come out with the old refrain that business always goes to smash under a Democratic administration (the wish being father to the thought). To show that this is not true in the present instance but is unfair and unjust, there are five different things which have befallen our country in the past year and a half, any one of which had it occurred as shortly as ten years ago almost certainly would have caused a genuine panic.

"First—The great flood of the Middle West and Ohio Valley, which entailed an enormous loss in the destruction of property and suffering among the people of that immense area. Then, that was followed by the Balkan war, the financing of which caused the selling abroad of hundreds of millions of our securities, which we had to buy in a short space of time; that was followed quickly by the shocking revelations and exposure of the mad financing of the New York, New Haven & Hartford railroad, where millions on millions of the savings of the small investors were lost. We all know that open to talk of a tariff revision was sufficient in itself to cause a panic a few years back, yet following immediately upon a revision of the tariff downward came the profoundly disturbing and epoch-making and much-needed currency reform.

"It speaks volumes, I think, for the sanity of the American people that they are able to face these great economic, political and financial disturbances as they have done.

Two Big Factors.

The banks of the entire country are full of money, but are loth to extend credit, neither is there any desire to use it or to make it active. There are doubtless several minor reasons, but the two big factors standing out as the immediate cause of the stagnation of business are the conditions of the railroads and their demand for increased freight rates, and second, the uncertainty of the scope and the attitude of national legislation toward business. Business is naturally very sensitive and it cannot but shrink and flinch in the face of uncertainties; for its growth and development it must have fixed and certain conditions. I think the business of the country is in a state of apprehension, or fear, over the pending legislation, in spite of the fact that the President, on more than one occasion, has reassured business, both big and little, that it has nothing to fear if properly conducted. As soon as this uncertainty which now prevails is cleared up, that is, as soon as the freight rate question is decided by the Interstate Commerce Commission, and Congress has clearly defined what constitutes the proper and legitimate conduct of business, I predict that business will then quickly adjust itself to the new conditions, and, aided by the bumper crops promised, the country will enjoy the greatest era of prosperity it has ever known."

Mart Price, aged 25, married, was tried by County Judge Clayton Tuesday and found to be a lunatic and was ordered sent to the State Hospital at Lexington. He is from the Nats Creek country.

Lexington has established a "baby milk supply station." Louisa has several.

WEST VIRGINIA
BREAKS COAL RECORD.

With a production in 1913 exceeding for the first time in its history a total of 70,000,000 tons, West Virginia became firmly established as the second in rank among the coal-producing States. According to Edward W. Parker, of the United States Geological Survey, the production in 1913 was 71,308,982 tons, showing a gain of 4,522,295 short tons, or nearly 7 per cent over the output of 1912 (66,786,687 short tons), up to that time the record tonnage. The increased production was accompanied by a considerably larger gain in value, which showed an increase over 1912 of \$9,079,931, or 14.46 per cent. The value of the output in 1913 was \$71,872,165. The average value per ton for the first time in 10 years exceeded \$1. The production increased in 1913 in spite of the facts that the labor troubles in the Palmet Creek and Cabin Creek districts of the Kanawha field, which began in the early part of 1912, were not settled until well into the spring of 1913, and that the unprecedented floods in the Ohio Valley in the spring reduced shipments to the West for a considerable length of time. A few of the mines that were closed by the strike were not reopened during 1913, and the total production from the two districts affected was much below the normal output. The increased production was well distributed over the State, there being but three counties out of thirty where decreases were shown.

Coal Shipped Outside of State for
Coke Making.

Of the total increase of over 4,500,000 tons, the increase in the quantity of coal made into coke in 1913 was only 75,585 tons, indicating that coke making in the State fell relatively behind. This does not mean, however, that less coke is being made from West Virginia coal. Large quantities of West Virginia coal are made into coke in ovens (principally of the re-tort type) located outside of the State, and in 1913 the coal shipped from West Virginia mines for coking at distant ovens was about twice as much as that used for the same purpose in the State.

Notwithstanding the increased production and improved prices in 1913, the year was not a satisfactory one to the operators, and the situation has been described as feverish. The labor difficulties were followed by an investigation by a committee from the Federal Senate, and when the State legislature met in January nearly fifty bills (most of which the operators considered prejudicial to the industry) were introduced and some of them became laws. One of the bills, not in itself of the prejudicial class, was a workmen's compensation bill, enacted in February which provided that 1 per cent of the pay rolls should be paid into the compensation fund, 90 per cent by the employers and 10 per cent by the employees.

Prohibition of Intoxicants.

During the year an amendment to the constitution of the State was adopted, which provides for the prohibition of the manufacture and sale of intoxicating liquors after July 1, 1914. This is expected to result in the exodus of some of the miners, but the operators are hopeful of replacing the deserters with a better class of labor, and it is believed that the improved accident record of 1913 will be continued with even better results after the State-wide prohibition goes into effect.

According to the Bureau of Mines, the number of fatal accidents in the coal mines of West Virginia showed a decrease of 22, from 359 in 1912 to 337 in 1913, although there was an increase of nearly 10 per cent in the number of men employed. Labor troubles caused the loss of 377,405 working days, or an average of 43 days for 8,800 men idle.

PROMINENT CITIZEN DIES.

Clay Wade Womack died at his home in West Liberty Saturday, June 13, of a complication of diseases. He was a prosperous merchant and a leader in the business, social and religious activities of the town and county, and his death removes from among them a man whose place it will be hard to fill. He was born January 18, 1878, and was the son and only child of M. T. and Mary B. Womack, the former surviving him.

REMOVAL SALE.

By reference to another page in this paper you will see that W. L. Ferguson is announcing a reduction sale on account of the removal of his store, which will take place early in July. It will pay you to read what he has to say. His store will be moved into the building occupied by Jake Israsky, who is closing out to quit.

BIG FIRE AT HAZARD.

The home of Dr. A. M. Gross, of Hazard, was burned last Thursday. The entire family was away from home at the time. Dr. Taylor Hurst ran through the flames, thinking that some of Dr. Gross' small children were imperiled within. He was seriously burned about the face and neck, and his clothes almost entirely burned off. Nothing was saved from the building. The loss is about \$3,000.

TWO OPERATIONS.

On Saturday last Mrs. Monroe Sammons, of Salt Peter, was successfully operated upon by Dr. York, at River-view hospital. On Wednesday morning Mrs. William O'Brien submitted to an operation, also done by Dr. York at the hospital, and is doing well. Dr. Ira Wellman assisted in the latter operation. Both were abdominal, and the patients are doing well.

ATTEMPT TO KILL
AN ASHLAND MANThree Persons Arrested for Alleged
Conspiracy in This Case.

Late on Wednesday night, June 17, Alfred Dingman, of Ashland, was found on a porch in Russell, weak and fainting from loss of blood, having been shot in two places. After he had revived Dingman told his story. He said that Mose Crook, J. Jackson and Norman Bay and he had boarded a freight train for a ride to Russell and that they intended to return to Ashland on an east bound train. Just as the train was passing the brick plant a short distance below Ashland, Norman Bay drew a gun and shot Dingman without cause. Following the shooting the other two and Bay jumped off the train and ran. Two of the shots took effect on Dingman and he clung to the train in desperation until he became so weak that he could not hold out any longer. Then he let himself fall from the train and made his way to the home of Mr. Carter.

He was taken to the Kings' Daughters' hospital in Ashland and there he is now resting easily though both of the bullets have not yet been located. The wounds are not regarded as serious and the greatest danger comes from the loss of blood to the man. One of the shots took effect in the left knee and the other one in the right arm and the chest.

The Ashland Independent of June 22nd had the following:

"Developments came thick and fast last night in the case of Alfred Dingman, who was shot and seriously wounded Wednesday night, while riding on a C. & O. freight train just below Ashland, and before 10 o'clock the authorities had a signed confession out of Norman Bays that he had shot Dingman upon request of M. F. Borders, who, he said, promised him \$4,000 if he killed Dingman, and that several previous attempts had been made to kill Dingman, who carried a heavy life insurance; had a signed confession from John Jackson and Mose Brock that they had witnessed the shooting, and had Bays, Jackson, Brock, M. F. Borders, Mrs. M. F. Borders and Arthur Beavert all safe behind the bars. Bays on a charge of shooting Dingman with intent to kill and the others on a charge of advising and conspiring with Bays to take Dingman's life."

Borders is held in default of bail in the sum of \$5,000 and will be taken to Greenup county jail, upon the statement of Boyd county jailer DeBoard that it is not possible under present conditions to keep Borders from conversing with the other inmates.

Borders is a son of the late Squire Henry Borders, who lived on the left fork of Georges Creek, near Ulysses, this county. His wife is a daughter of Robert (Dick) Young, also of Georges Creek.

SEVENTEEN-YEAR LOCUSTS
DUE AGAIN THIS YEAR.

The 17-year locust, last seen in 1897, is due to reappear this year, according to a late bulletin sent out by the State Agricultural Experiment Station at Lexington, warning farmers and fruit growers. The 17-year locust is harmful because in the warm state it lives by sucking sap out of the roots of trees and shrubbery and when the eggs are laid, trees and plants on which they are deposited die. The locust is the longest lived insect known to scientists. Seventeen years ago the eggs from which this year's crop of locust will be hatched were laid on three weeks' development on the trees and shrubbery that they have lived since 1897 preying on the roots of trees. During this month the forms are expected to re-appear and will develop into locust.

T. S. MURRAY PASSED AWAY.

T. S. Murray, a well known architect of Ironton, died Friday evening. He had been in failing health for some time, but only last Sunday did he become seriously ill, and until his death was confined to his bed and his condition had been regarded as serious. He was 66 years of age and since the year 1887 has been one of the most prominent citizens of Ironton.

Mr. Murray will be remembered by Louisa people as an architect of the K. N. C. building. In addition to his general good citizenship he was an old-time Ohio Democrat, without variable-ness or shadow of turning.

G. O. P. LAMB IN NINTH.

The Republicans of the Ninth district held a meeting at Maysville and decided to put out a candidate for Congress, and after a survey of eligible timber, G. H. Ireland, a well known young business man of Olive Hill, was selected as the lamb for the sacrifice. Before being gerrymandered by the 1912 Legislature, the Ninth district was normally Republican, but by the addition of several Democratic counties it was made reliably Democratic. Before that time the Democrats secured the party nomination for Congress, also annexed a hard fight lasting until the polls closed at the general election and then probable defeat at the hands of his Republican opponent.—Louisville Times.

DANNIE WRITES CHECKS
BEFORE UNCLE STOPS FUN.

Louisville, Ky., June 20.—Dan Daniels, 14 years old, of Willard, Ky., came to grief here this afternoon after a two days' tour of the wholesale district, in which time he filled in \$4,000 worth of bank checks that had been signed by his uncle, E. W. F. Id, a merchant at Yerkes, Ky. He was arrested late today, charged with having obtained money and goods under false pretenses.

In addition to making free with his uncle's check book Daniels gave a number of personal checks. His purchases mainly were of goods which he ordered sent to his uncle's store.

Daniels left home last Sunday, ostensibly for Sunday School. With him disappeared his father's gold watch and \$25 in cash. The boy, who is in knee pants, said he did not know why he had run away from home or signed up his uncle's checks. His uncle formerly employed him as bookkeeper.

The boy's father was notified tonight. He said he would come to Louisville immediately and bring with him a good sized paddle.

BADLY SCALDED.

Heidelberg, Ky., June 21.—C. J. Thiebaud, U. S. inspector at lock No. 14, was badly burned today. He was carried to the Richmond hospital. The burns were the result of stepping into an open trench carrying a steam pipe and filled with boiling water. Both feet and legs were badly scalded almost to his knees, and a portion of the flesh dropped from his limbs as the result of his burns.

Mr. Thiebaud had many friends in Louisa, where for several months he was engaged as a civil engineer in the local U. S. engineer office. He made many friends here who will be sorry to learn that he has been so badly injured.

PIERCE'S SPECIAL SALE.

Mr. E. W. Richard is here from Cincinnati to help conduct W. D. Pierce's big special sale. He is familiar with the stock of the manufacturer which Mr. Pierce bought out, and has had eight years experience in this business. He would be glad to meet as many people as possible.

Mr. Pierce says he is not going to close out his business or leave Louisa, but is making this big sale to quickly turn the stock bought at such remarkably low prices. His methods are known to the people of Louisa and surrounding country to be legitimate and fair at all times. Read the full page ad.

THE BUSY COUNTY AGENT.

E. S. Kegley, County Agricultural Agent, had a fine turnout and much interest at his Garred Chapel meeting last Saturday night. At least seventy-five persons, including the most prominent people of the neighborhood, were there and the meeting lasted until a late hour. The farmers and housekeepers of that part of the county will make a good showing at the county fair. On the second Saturday in July Mr. Kegley will hold a meeting near Clifford. He wants everybody to come out and show the proper interest in the vital subject to be discussed.

\$1 BILL RAISED TO \$10.

Deputy United States Marshal, Oscar Vest, of Carrollton, Ky., came in Thursday night with Millard Barker, of Rowan county, charged with having passed a \$1 bill which had been raised to \$10. He waived examination and was held in the sum of \$500 for his appearance before the Federal grand jury, which he gave.—Carter County Item.

Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

How Some Men Treat Their Wives.

If there is any person we despise it is the man who does out money to his wife as if she was a pauper and not a partner in his earnings. And yet there are many such men everywhere. They want to be economical and they become brutes. There is no more pitiful sight than to see such a man drive in from the country with his wife. If it is winter he wears a fur overcoat. She wears a thin shawl. The horses are fat and well cared for. The children are thin and half clothed. He refuses the pitiful sum necessary for a new dress but goes into the grocery store and lays in a supply of tobacco. When we see such a couple in town we say to ourselves, "God have mercy on that woman." The man who refuses the money upon things of little importance is a more despicable thief than he who simply extracts some fat pocket book from the pocket of no more exasperating spectacle than to see the wife of a man in comfortable circumstances, asking for ten cents with which to buy necessities. You cannot excuse such meanness in business circles would be not take care of money. We say it is her husband's fault if she does not know how. How can she learn to take care of what she never has? Such meanness in business circles would be noted everywhere. In a party between men, such a state of affairs would be the member of a firm is elected business manager and treasurer, that does not give him the right to appropriate all the money, not by any means. But just because one of the partners in the marriage contract is always a woman, the other member of the firm seems to think that all the profits of the concern belong to him alone. Give the woman a chance to show how economical she is and you will not only be just as well off in the end, but you both will be infinitely happier.

Look to Your Wives.

The following contribution is handed us by one of our lady subscribers and we gladly give it space in this department.—(Ed.)

I am sometimes tempted to think that men some men at least are so infatuated and joined to their idol of pursuit after the world's emoluments or its gilded pleasures they entirely lose sight of the duty they owe to that inmate of the home, without which earth would be a dreary place indeed and home could never be home. They

gush a little over us when they want a wife, or an hour in our society, but genuine kindness for their companion, generally speaking, is not in their composition or else the iniquities that bear down so hard on women would not exist. The righteousness that exalts a nation would not be among the lost arts as it appears to be today if the lords of creation showed forth more fidelity for her who was destined from the beginning to be queen of the home. Trample the wife into the dust; steep her in poverty; make of her a mere "hewer of wood and drawer of water," break her spirit and humble her pride until she no longer has ambition to dress and look well; make the home as dull and tiresome as the days grow long and dreary, and then what? Not the present form of government for only men of character are fit to govern themselves, crushed and cringing womanhood. Look to your wives, good brothers, if you desire long continued prosperity for this country as well as for yourselves.

Hearings

The art of not hearing should be learned by all. There are so many things that are painful to hear, very many of which, if we heard, will disturb the temper, corrupt simplicity and modesty, detract from contentment and happiness. If some person falls into a violent passion, and calls us all manner of names at the word we should shut our ears, and hear no more. If in a quiet voyage of life we find ourselves caught in one of those domestic whirlwinds of scolding, we should shut our ears as a sailor would furl his sail and make all tight, send before the gale. If a hot, restless person begins to inflame our feelings we should consider what a mischief the fiery sparks may do in our magazine below, where our temper is kept and instantly close the door. If all the things said of one by heedless or ill-natured idlers were brought home to him, he would be a mere walking pin-cushion, stuck full of sharp remarks. If we would be happy, when among good people we should open our ears; when among bad people, shut them. It is not worth while to hear what our neighbors say about our children, what our rivals say about our business, our dress or our kin.

Too little attention to paid to the small courtesies of the home. Fathers, should remember that happiness is derived from the little kindly acts and words of each member of a family. One alone cannot make a cheerful home if the rest make no effort.

"TIZ" FIXES TIRED.

SORE, SWOLLEN FEET.

Good-bye sore feet, burning feet, swollen feet, weaty feet, smelling feet, tired feet.

Good-bye corns, callouses, bunions and raw spots.

No more shoe tightness, no more limping with pain or drawing up your face in agony.

"TIZ" is magical acts right off.

"TIZ" draws out all the poisonous exudations which puff up the feet.

Use "TIZ" and forget your foot misery. Ah! how comfortable your feet feel. Get a 25 cent box of "TIZ" now at any drugstore or department store. Don't suffer. Have good feet, glad feet, feet that never swell, never hurt, never get tired. A year's foot comfort guaranteed or money refunded.

LUKE McLUKE SAYS

One reason for the High Cost of Living is that a lot of ginks try to make a rabbit's foot take the place of hard work.

What has become of the old-fashioned woman who chewed the baby's food and then fed it out of her own mouth with her fingers?

The reason you think a girl is suffering from a broken heart is because her tight shoes are raising Cain with her corns.

This would be a fine world if a man could change his luck as easily as a woman can change her mind.

Rumors of war always excite a single man. But a married man doesn't pay much attention to them. He is used to war.

The reason some men are always hustling for jobs is because they never hustle to keep one.

A "Welcome" sign in a public place is nothing but Bull. You are welcome anywhere if you can pay for it.

What has become of the old-fashioned ham who used to sing illustrated songs during the olio?

Adam was a lucky guy. He never had to sit around and bite nails and listen to Eve read extracts from his old love letters to her.

One reason why there are so many hypocrites in the world is because every child is told to tell the truth and be polite. If you tell the truth you are due for a good clubbing, and if you are polite you have to be a sick liar.

Before marriage he thinks she is the dearest girl in the world. After marriage, when the bills come in, he knows she is.

A fellow never realizes what a big place the world is and how few people in it he knows until he gets arrested and starts to figure out some one to go on his bail.

There is something in a name. If Isadore Zawinskivetz loses three flights he changes his ring moniker to Kid Murphy and mows down everything in front of him.

You don't hear much about the old-fashioned Peeping Toms these days. What's the use of taking a chance of being shot when you can let a girl walk between you and the sun?

A whole lot of mutts who are running for war with Mexico let their wives whip them once a week and say nothing about it.

As long as a woman doesn't lie about anything else but her age, her hair and her weight, she has as good a chance as anybody of getting to Heaven.

WEST VIRGINIA ITEMS OF NEWS.

Governor Hatfield has announced that after July 1, when the state becomes dry, he will refuse to issue pardons or paroles to persons convicted of bootlegging or violations of the prohibition laws.

Charleston, W. Va., June 13.—Two hundred miners, who are employees of the Hickory Ash Coal Co., returned to work today, the strike with checkoff having been granted. Officials of the United Mine Workers are trying to get the agreement, and are meeting with success.

Last Monday week fire destroyed the residence of Wm. Jackson, who lives about two miles north of East Lynn. The household furnishings of Mr. Jackson and those of Mrs. Bernard Mills and Mrs. Edie Porter were consumed by the flames which resulted from a defective flue.

Congressman Hunter H. Moss, of Parkersburg, W. Va., will be nominated without opposition by the Republicans of the Fourth West Virginia district at a convention there July 23. Moss will be unopposed because no one had signified intention of running against him when the time limit expired last Saturday.

On account of the sudden and serious illness of Judge J. H. Wilkinson's daughter, who lives at Colorado Springs, Colorado, there will be no special term of the Wayne Circuit Court on June 22. Judge Wilkinson is at his daughter's bedside and has written the clerk and sheriff to postpone the term.

Ed Napier, who is wanted on a charge of arson, and for whose arrest the Wayne county court has offered \$75 and for his conviction \$75, was arrested Monday at Paintsville by A. J. Price, private detective, according to a telephone message received last Monday afternoon by John Billups, Sheriff Billups and Prosecuting Attorney Hardwick left Tuesday for Catlettsburg where officer Price will turn Napier over to them.

Napier is charged with complicity in the burning of the Golden Rule Hall and the residence nearby on May 1st, in which Kenna Fry, son of Mr. and Mrs. Cumberland Fry, lost his life. Shortly after the inquest had been held Napier took a scare and left the state and his whereabouts have been in doubt until arrested by Detective Price. He was brought to Wayne Wednesday and lodged in jail—Wayne News.

Dressed and ready to be taken to the gallows on which he was to be hanged for the murder of his wife, Silas Jones, colored, aged 32, of Cabell county, was on Friday afternoon notified by the warden of the penitentiary at Moundsville that Governor Hatfield had telephoned a respite of 30 days.

Leading citizens of Huntington interceded in Jones' behalf, declaring that important new evidence has been discovered in the negro's case. Silas Jones was the servant of Col. J. H. Branch, of Branchland, and the latter supplied the best counsel to defend his servant but Jones was convicted of killing his wife, Prudential Jones, in December, 1913, with a revolver. Col. Branch continued his efforts in Jones' behalf and has enlisted the aid of many prominent men in this section of the state to save the negro's life—Logan Democrat.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Miss Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 43 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do.

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

ANNOUNCEMENTS.

We are authorized to announce JOHN M. WAUGH as a candidate for Commonwealth's Attorney of the 32nd Judicial District, subject to the action of the Democratic party in the primary of August, 1915.

We are authorized to announce H. C. SULLIVAN, of Lawrence county, as a candidate for the nomination for Commonwealth's Attorney for the 32nd Judicial District, subject to the action of the Democratic party.

G. W. CASTLE FOR COMMONWEALTH'S ATTORNEY.
G. W. Castle, of Lawrence county, announces his candidacy for the Democratic nomination for Commonwealth's Attorney for the 32nd Judicial District, primary election in August 1915, earnestly requesting the support of all Democrats of the district.

We are authorized to announce W. D. O'NEAL, JR., as a candidate for the nomination for Circuit Judge of the 32nd Judicial District, subject to the action of the Democratic party.

CONGRESSMAN W. J. FIELDS is a candidate for re-election, and respectfully asks for the votes of all Democrats of the Ninth Congressional District at the primary to be held August 1, 1914.

Miss E. Meals and Mr. A. Meals were married in Missouri recently. They are good for at least a o Meals a day.

Gov. McCreary in his speech at Georgetown says he is not running on the demerits of his opponents but on his own merits. Bully for you "Uncle Jim!"—Elizabethtown News.

John J. Berry, editor of the Paducah News-Democrat, and the recently appointed postmaster of that city, read a splendid paper at the recent press meeting at Dawson on "How I Got the Pie." But Jim Lemon, of Mayfield, who wants to be postmaster of that city, declared that what he wanted was Lemon pie, not Berry pie.

While we differ politically with Mr. Fields, candor compels us to admit that the record he has made in Congress the past four years is an enviable one and at the hands of his party he is deserving of added honor. If the representative of the Ninth district must be a Democrat we know of none whom we would rather see in the halls of Congress than Mr. Fields.—Mt. Sterling Gazette (Rep.)

A lively race for county chairman of Morgan to succeed the late C. W. Womack is promised. Mr. Womack, who was secretary to Congressman Tom Fitzpatrick in the old Tenth district, has been the backbone of the Democratic party in Morgan. His funeral was one of the largest ever held in the county. Dr. J. D. Whitaker, one of the leading Democrats up there, and Wiley Franklin, brother of the postmaster, are prominently mentioned for the place.—State Journal.

Trouble for Congressman John Langley of the Tenth district appeared today when the petition of H. M. Hoskins, of Pikeville, as candidate for the Progressive nomination in the Tenth, reached the office of Assistant Secretary of State Cecil H. Vansant. At the time Tom Hatcher, Democratic chairman of Pike county, filed his petition as candidate for the Democratic nomination, it was rumored that a Progressive would enter the field. All three candidates live in Pikeville. The Democrats of the Big Sandy are hoping that the Progressives will cut down the big Republican majority in the new Tenth district to such an extent as to give them a chance.—State Journal.

When Col. Johnson N. Camden, of Woodford county, was sworn in as a United States Senator, he achieved the ambition of his life, to sit in the same august body that had numbered in its membership his father, who was long a Senator from West Virginia. Coincidentally the appointment of Senator Camden was made by Gov. McCreary, who as a member of Congress was associated with the elder Senator Camden. Speaking of the appointment, Gov. McCreary said while in Louisville that he was highly gratified to know that his selection of Senator Camden had given such universal satisfaction to the State-at-large, and he knew that his appointee would prove a worthy son of a worthy sire and reflect credit on himself and his adopted State.

Senator Camden, in his interview, described himself as a farmer. The views therein expressed convey the impression that the new Senator from Kentucky is something of a statesman as well. During Mr. Camden's stay in the Senate Mr. Wilson is assured not only of an active, but of a thinking support from Kentucky's junior Senator. The senior Senator is everywhere recognized as the Wilson floor leader. The cordial relations between Senators James and Camden make it assured that Kentucky's team work will be a factor to be counted on and to be reckoned with.—Louisville Times

ANNONETTE.

W. D. PIERCE.

Read the Big Ad.

Washington, June 18.—Johnson N. Camden, Kentucky's junior United States Senator, took the oath of office shortly after the Senate convened today. His colleague, Senator James, escorted him down the aisle to the desk of the presiding officers and a little group of friends and relatives in the galleries witnessed the ceremony. Among these were his old neighbors, J. C. S. Blackburn and Mrs. Blackburn; W. O. Davis, Mr. Camden's official secretary, and W. S. Hunter, his private secretary.

Mr. Camden reached here at eight o'clock and went immediately to his room in the Shoreham. At 11 o'clock the party left for the Capitol where Senator James was awaiting them, and they remained in Mr. James' private office until the time came for the Senate to assemble.

Armor Plate Plant.

One of the first remarks made by Senator Camden was in answer to a question concerning a bill to establish a Government armor plate plant at Ashland. He was told that Paducah was also an applicant.

"Unless Kentucky unites on one city we will have no chance to win against other States, which have so united," said the Senator.

"I want Kentucky to get everything she can and for that reason I am of the opinion that the State delegation will get together behind one particular city and make the fight against Pittsburgh, Baltimore and the rest. In a common sense, business-like way. By uniting we can make the best fight that is in us. I deplore that any rivalry between Kentucky cities should exist and shall address myself to getting the armor plate plant for the State, if possible."

Mr. Camden will call on the President at an early date. Mr. Davis said to-day that the new Senator will "stay on the job" here until duties of the session are over. Although he is a candidate for the short term, Mr. Camden, according to his secretary, will not conduct his campaigning to the detriment of his official duties. While Congress is in session, for the most part, his business and political ventures will be conducted from Washington.

FALLSBURG AND POTTER.

SAYS ITCHING ECZEMA IS DRIED RIGHT UP WITH BOLD SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Constant or intermittent irritation producing itching and red, angry Eczema patches on the skin is readily relieved with bold-sulphur cream. The moment it is applied the itching stops and the healing begins, says a noted dermatologist.

It effects such prompt relief, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

For many years bold-sulphur cream has occupied a secure position in the treatment of cutaneous eruptions, by reason of its cooling, parasite-destroying properties. It is not only parasiticidal but also antipruritic and antiseptic and nothing has ever been found to take its place in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should get from any pharmacist an ounce of bold-sulphur cream and apply it directly upon the Eczema patches in like you would any ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with itching.

WHEN LOUISA PEOPLE

Publicly Testify, It's Evidence Not to be Ignored.

When residents of Louisa are willing to recommend Doan's Kidney Pills in this paper, is there any good reason to try a kidney backache or bladder remedy that is not as well recommended?

William G. Shannon, Maple, St. Louis, says: "For years I had been a sufferer from pains through my back and I had trouble in straightening after stooping. I was restless and when I got up in the morning, I was tired. The kidney action was irregular. Finally, I used Doan's Kidney Pills and they gave me relief. The action of my kidneys became regular and the pains and aches left. I am glad to confirm what I have said about Doan's Kidney Pills when I have endorsed them before."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Shannon had. Foster-Milburn Co., Props., Buffalo, N. Y.

BIDS WANTED.

Pursuant to ordinance passed by the City Council of the City of Louisa, Ky., on May 15, 1914, sealed bids will be received at the office of the chairman of the Improvement Committee, G. S. Wilson, Louisa, Ky., until 7 o'clock p. m. Saturday, June 27, 1914, for the laying and building of pavements alongside and abutting the following properties in Louisa, Ky., to-wit:

On the south side of Perry street: The hotel Savoy property, owned by L. T. McClure; P. H. Vaughan, owned and occupied by him; Mrs. G. W. Castle, owned and occupied by her; Mrs. C. F. Stewart, owned and occupied by her; W. M. Justice, owned and occupied by him (a square); Mrs. A. M. Campbell, occupied by F. L. Stewart; Mrs. W. M. Carey, owned and occupied by him; E. E. Shannon, owned and occupied by him; A. M. Hughes, occupied by Mr. Walkenshaw.

Bids will also be received at the same time and the same place for the removal of the old pavements, and the building and laying of new pavements alongside and abutting the following property, to-wit:

On Main Cross (or Court street), Louisa, Ky.: Alexander Lackey office, now occupied by H. C. Sullivan; A. J. Garred property (Garred's office and Gartin's store); Hotel Brunswick property, owned and occupied by L. T. McClure; Mr. Madison street, Hotel Brunswick property, owned and occupied by L. T. McClure; John Jeem's livery stable property, Drakes Hall, and Mrs. Ceila McHenry, all owned by John Jeem; G. V. Meek property, lots vacant, owned by G. V. Meek; Sam Bromley's store, the Evan's heirs property.

All of the above pavements to be built and laid according to the following specifications:

Eight feet wide, with ten inch bed of sand or cinders well tamped, with four inches of concrete, composed of six parts stone broken so as to go through two inch ring, three parts clean, coarse sand, and one part approved brand of Portland cement; with one and one-half inch top mixture of one part cement and one part coarse, clean sand; said pavements to be built on grade designated by the City Engineer, and all material to be approved by the Improvement Committee, and the work to be under their supervision.

The property on south side of Perry street, designated above as the Mrs. A. M. Campbell property, and occupied by F. L. Stewart, having already a four foot pavement, will be widened to eight feet under the specifications herein set out.

The contracts for the building and

laying of these pavements will be let to the lowest and best bidder, the owner of the property given a preference, all else being equal. And the successful bidder will be required to give a bond with approved surety to the City for the faithful performance of the contract; said work is to be completed by August 1, 1914.

This work when not done by the owner himself will be paid for by the City of Louisa, Ky., when same shall have been accepted by the Improvement Committee, and reported to the City Council, and will be enforced as a lien on the property so improved.

Right is reserved to reject any and all bids.

G. S. WILSON,
H. G. WELLMAN,
F. H. YATES,

NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

THURSDAY.

Consul Edwards, in Juarez, informed the State Department at Washington that Carranza and Villa had patched up their differences and that Villa had been placed in supreme command of military operations against Huerta and would lead an attack on Zacatecas, where Gen. Natera had been repulsed. That the insistence of the United States upon a Constitutional for provisional president of Mexico was "unimpaired to neglecting and even exacting fraud and violence at the elections" was charged in a statement given the press last night by the Mexican delegates at Niagara Falls.

George Alexander, former president of the George Alexander & Co. bank of Paris, Ky., who is charged in thirty-two indictments with having violated the State banking laws, pleaded not guilty when arraigned at Paris.

That the Federal Reserve Board must levy upon the member banks for expense money as soon as it comes into existence was the ruling yesterday of the Controller of the Treasury.

The Kaiser Wilhelm II. bound for New York with 1,000 passengers collided yesterday afternoon with a grain steamer off Southampton. Both steamers put back to port.

Efforts on the part of Lexington business men to settle the strike between the striking union carpenters and contractors have been abandoned.

Col. Roosevelt will not be able to take an active part in the political campaign in the United States due to an affection of the larynx.

The Kentucky Livestock Sanitary Board is preparing regulations for the movement of livestock and carcasses in this State.

The L. & N. was fined at Hopkinsville for not providing equal accommodations for colored and white passengers.

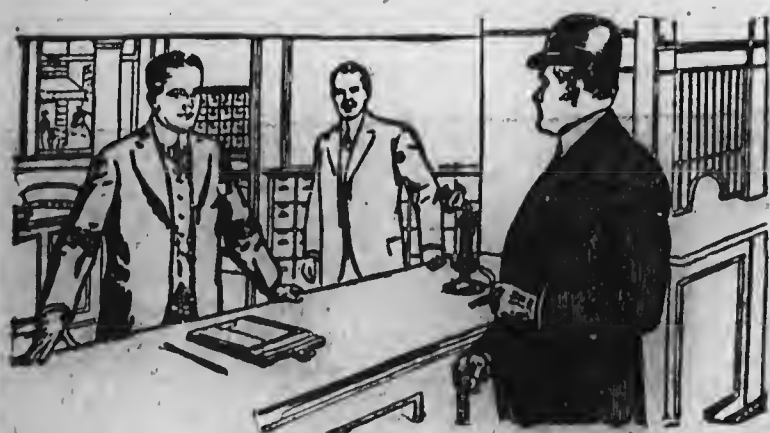

Louisville Progressives will provide candidates for both the short and long senatorial terms.

Gov. A. O. Eberhart was the only Republican incumbent defeated in the Minnesota primaries.

A MISTAKEN IDEA

There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity.

This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

Never too Late to Telephone

You may be delayed all along the line, but you can always telephone ahead and make new appointments. You may not have time to see a party in person, but there's always time to telephone. You may have only a few minutes, but that is enough to telephone a message and get an answer.

Before calling on a business man telephone and find out if it will be convenient for him to see you. You will thus pave the way for a courteous reception.

L. C. Dyer, of St. Louis, Republican, representing the Twelfth Missouri district in Congress, was unseated and Michael J. Gill, Democrat, declared elected.

Richard P. Ernst, of Covington, has filed his petition as a candidate for the Republican nomination for United States Senator, long term.

The United States Tobacco Association, in session at Lexington, elected officers yesterday. T. M. Carrington, of Richmond, Va., is president.

Kentucky will receive \$10,000 for farm demonstration work July 1 as its share of the Federal aid under the Lever-Smith Bill.

SUNDAY.

Mediation proceedings at Niagara Falls will be prolonged. It was announced after Minister Naon's return from Washington. President Wilson authorized the statement that he regarded the prospects of mediation as more hopeful. Friction between Carranza and Villa and the report that Huerta would resign in favor of Lascruan before the proceedings reached a conclusion affected the mediators in their decision. It is stated.

Entries in the primaries to be held in August to nominate candidates for the long and short terms in the United States Senate and for Congressmen in the eleven districts of Kentucky will close the coming night. The Democratic, Republican and Progressive parties are represented by candidates.

Male sympathizers of the suffragettes who interrupted the speech of Chancellor Lloyd-George in London were rushed into a nearby lake and repeatedly ducked, a clerkman being among those thus treated.

Mrs. Jesse R. Grant, wife of a son of the former President of the United States, has made her husband a defendant in a suit in which she seeks to have money held by a trust company set aside for her support.

Over one hundred bodies of the 197 men entombed in a mine at Lethbridge, Alberta, have not been recovered. The rescue work continues. A gas explosion is believed to have caused the disaster.

Senator Newlands will propose an amendment to the Rivers and Harbors Bill providing for a commission to study the whole problem of flood control in the Mississippi, Ohio and Missouri Valleys.

The wife of a prominent Boston lawyer was arrested for his death after he was found lying on a road near his country home with a bullet hole through his head.

It is announced that thirteen of the fire insurance companies that withdrew from the State upon the passage of the Glenn-Greene bill have renewed their licenses.

Nine were killed and a dirigible balloon and aeroplane were wrecked in a crash between the two air crafts yesterday near Vienna.

MONDAY.

Fighting has been resumed at Zacatecas under direction of Gen. Villa. It is reported, and three positions held by the Federalists have been captured by the Constitutionalists. Carranza has forwarded his reply to the notes sent him by the Mediation Commissioners at Niagara Falls, stating that he considers it impossible to discuss the proposed armistice, military movements or a provisional president for Mexico. The reply is regarded as ending the diplomatic incident between Carranza and the mediators.

Democrats will hold a conference early in the week to get together on the trust programme. Congress is convinced that adjournment will not be had until the Administration legislative programme has been completed. Secretary Bryan will make his third appearance today before the Senate Foreign Relations Committee to discuss the treaty with Colombia.

Emerson D. Dietrich, manager of a theatrical production presenting a group of lions, was attacked by the lion in their den in a car in Chicago, killed, and his body partly devoured. One of the animals escaped into the city and for a time terrorized the people, but finally was driven back into the car.

Robert H. Maloney, an actor, known as "Willard the Wizard," committed suicide in the county jail at Cincinnati by jumping from the fourth tier of cells to a cement floor. His neck was broken. Maloney was under indictment for murder of his wife and child.

A party of four negro laborers just put to work at Yellow Rock, near Heidelberg, Ky., were fired upon and two and perhaps three were fatally wounded. Two white men engaged on the same work have been placed under arrest, charged with the shooting.

Mr. Scholarly—"Look at all the inventions that are mentioned in these scientific magazines, and to think that no one has invented something to make washing easier! My wife's all fagged out because she washed this morning."

Anty Drudge—"Mr. Scholarly, there are some inventions that are not recorded in scientific magazines, but which are more useful than those which are. Get your wife some Fels-Naptha Soap to use when she washes, and she'll tell you that it's the finest thing ever invented to help women with their work."

The Fels-Naptha way of washing in cool or lukewarm water makes your clothes fresher, cleaner and sweeter than if you hard-rubbed and boiled them till Doomsday. It is much easier than any other way, because there is no need to keep up a hot fire and no lifting of heavy pails of water to fill the washboiler. Nothing but soaking in cool or lukewarm water with Fels-Naptha Soap, a light rub with the hands or on a board, rinsing and hanging out.

Follow the directions on the Red and Green Wrapper. Better buy Fels-Naptha by the box or carton.

CRAB ORCHARD, KY.

To my many friends of Lawrence county, I will write you all through the columns of my old home paper, the Big Sandy News. I have been here three years since I left Wilbur. Land here in this county has advanced since I came here. A Mr. Bailey, of near Huntington, W. Va., has purchased of Josh Wilson a farm near here for \$5,000. Many other farms sold too numerous to mention. The land here lays level and rolling, and is well adapted for corn, oats, wheat, rye, buckwheat, Irish potatoes, sweet potatoes, etc. Corn crops are splendid; wheat is good, said to be better than ever known for years. Very little sickness in this county.

MAKES RHEUMATISM PROMPTLY DISAPPEAR

Chronic, Crippled-up Sufferers Find Relief After Few Doses of New Remedy are Taken

It is needless to suffer any longer with rheumatism, and be all crippled up, and bent out of shape with its heart-wrenching pains, when you can surely avoid it.

Rheumatism comes from weak, inactive kidneys, that fail to filter from the blood, the poisonous waste matter and uric acid; and it is useless to rub on liniments or take ordinary remedies to relieve the pain. This only prolongs the misery and can't possibly cure you.

The only way to cure rheumatism is to remove the cause. The new discovery, Croxone, does this because it neutralizes and dissolves all the poisonous substances and uric acid that lodge in the joints and muscles, to scratch and irritate and cause rheumatism, and cleans out and strengthens the stopped-up, inactive kidneys, so they can filter all the poisons from the blood and drive it on and out of the system.

Croxone is the most wonderful medicine ever made for curing chronic rheumatism, kidney troubles, and bladder disorders. You will find it different from all other remedies. There is nothing else on earth like it. It matters not how old you are, on how long you have suffered, it is practically impossible to take it into the human system without results. You will find relief from the first few doses, and you will be surprised how quickly all your misery and suffering will end.

An original package of Croxone costs but a trifle at any first-class drug store. All druggists are authorized to sell it on a positive money-back guarantee. Three doses a day for a few days is often all that is ever needed to cure the worst back-ache or overcome urinary disorders.

PIKE COUNTY NEWS

TWO VERDICTS.

Two important jury verdicts were secured in the Pike Circuit Court, Judge J. M. Robertson presiding, last week. The largest of these was in favor of John W. Kern, a laborer, against the Boardland Coal Co. for \$7,000 for the loss of his eye, alleged to have been due to the negligence of a meterman in the employ of the company. Kern, the motorman and others were engaged in drawing steel rails from under a mass of falling slate by the use of a chain attached to the motor in one of the company's mines. The rail came out suddenly, it was said, and struck Kern on the head putting out the eye.

ROW AT SHELBIANA.

Three girls from Beaver creek, names unknown, arrived at Pikeville early last week on their way up the river. While in town it is said they got religion at a meeting. The next day they proceeded to Shelbyana, where they stirred up trouble in the Shelbyana hotel, and later shot up the place and left before the hand of the law could be laid upon them. Old red licker, hurry.

MOOSE CANDIDATE FOR CONGRESS.

Pikeville now has a Republican, Democrat and Moose candidate in the congressional race for this year. Mr. Langley will, of course, represent the republican party in this race, and Mr. P. T. Hatcher is favorably mentioned as the democratic candidate, and will in all probability receive the nomination he is seeking. Hon. H. M. Hoskins, a very successful piano salesman and distributor of Pikeville, who is perhaps the most conspicuous figure in the Progressive party in Pike county, is also in the running, and will receive his party's nomination for this fight almost without a dissenting vote. Mr. Hoskins was for a long while chairman of the Progressive party in Pike county, and has been an active politician for years.

The congressional race is now a three-cornered fight; and since strengths are so equally divided in Pike county, the race will be an interesting one.

NEW SCHOOL TO BE ARCHITECTURAL MARVEL.

"The most beautiful building of its kind," is the way Cincinnati architects describe the new public school building to be erected here this summer. The plans and specifications are now complete for this architectural marvel, and a preliminary photo of it may be seen at the store of the Pikeville Clothing Co. The building will be a three-story block of brick and stone, and is to have sixteen large rooms and auditorium besides the basement, covering a space of 75x118 feet.

Bids will be received for the construction on contract between July 1st

and 15th, and the actual construction work will begin as soon as a satisfactory contract can be closed. The cost will be very great, but when completed it will be the finest of its kind in Eastern Kentucky.

This school building is to be used as a public school for the city and high school for the county, and for this purpose the county and town combined their building funds.

MR. TRIVETTE'S SUCCESSOR IS CHOSEN.

The committee having charge of the building of the new city public school and county high school met here Tuesday for the purpose of selecting a new member to fill the place of the late Chairman, W. H. Trivette. Hon. A. P. Childers was chosen as a member of the Board; and as an especial mark of respect to the deceased, Mr. Childers will also fill his place as chairman.

At the same meeting Geo. W. Pinson, Jr., and P. T. Hatcher qualified again as members for the next six years. Mr. Pinson has already served eighteen years as a member of the school board, and Mr. Hatcher has been a member twelve years.

WILL BRIDGE TUG.

A bridge for general public use will be built from the West Virginia shore across the Tug river to connect with the mouth of Pond creek in this county at once. County Judge H. H. Stallard went to Williamson, W. Va., last Monday for the purpose of conferring with the authorities of Mingo county, W. Va., and establishing an agreement for the building of the bridge, as authorized by a recent special act of Congress. Judge Stallard says the bridge will be completed within the next year. This is to be the beginning of the Good Roads movement in Pike county.

JUNE EXAMINATION HELD.

The June term of the Pike county teachers' examination was held at the public school building last Friday and Saturday, and the following teachers received first class certificates out of the 35 certificates issued, according to a report made public by Superintendent M. F. Campbell Wednesday:

Charles Billeter, Moscow Belcher, J. D. Campbell, Clyde Childers, W. M. Cantrell, Ellett Detsen, Lila Elliott, Sarah Elawick, Dixie England, W. H. Justice, K. D. Keesee, J. L. Keel, C. D. May, Lee McClalahan, Mary Needham, A. G. Osborne, George W. Potter, Ferrel Pinson, Fern Polley, E. L. Thornsbury, Charles B. Varney, Alice Varney, and R. L. Veat.

George W. Potter, who only a few weeks ago lost before the Court of Appeals in the fight with Mr. Campbell for the Superintendent's office, received the highest average of any applicant, which was ninety-seven and seven-eighths.

BIRTHDAY PARTY.

Barbara England, formerly chief aide of Rev. R. B. Neal in his religious work in Pike county, entertained several of her young friends at a birthday party in honor of her 12th birthday at her home here last Tuesday. Barbara is a good entertainer, and her guests had an enjoyable time at the party; further than this the reporter cannot say what all they did, as he was not present, and the reader will have to ask Barbara. But she received many presents, and served splendid refreshments.

MARRIAGES.

The following is a list of marriage licenses issued during the past ten days, as shown by the records in the County Court Clerk's office at Pikeville:

Oliver Collins to Miss Dove Taylor, residence Wise, Va.; Natale Stavale to Terrera Talarico, Jenkins; John Blackburn to Vichie Sparks, Meta, Ky.; E. D. Hall to Nancy J. Damron, Heller; Jesse Lee Ward to Gertrude Young, Zebulon; James B. Elswick, Meta, to Minnie Staton, Zebulon; Will Roberts to Dollie Newsom, Penny; Theodore Weeks to Myrtle Harris, Whitepost; Lee McClalahan to Lurline Dye, Pikeville.

The last four couples received their permits under the new marriage law, which imposes some restrictions upon the applicants that the old law did not have. But deputy clerk Fred Ratliff states that the law was not designed to work any special hardship upon young people wishing to link their lives together, and that it is but little harder to secure license under the new law than the old. It only requires a little more definite information than formerly, and provides that the clerk may require a bond in the sum of one hundred dollars of the parties if he deems it proper or necessary to do so to guard against any possibility of fraud.

SHOOTING AT SHELBY GAP.

Denny (Blackhead) Vanover and Anderson Estep engaged in a pistol duel at Shelby Gap, just across the border line in Virginia, last Monday evening, which may result fatally for Vanover. Estep was shot twice through the arm, and Vanover five times through the body. Both were said to have been intoxicated, and, according to the reports reaching here, their difference arose over the disputed location of a boundary line. After the shooting Estep made his escape into Dickenson county, Va., where it is said he gave up to the authorities at Clintwood, and was placed in jail. Vanover was carried to his home on the Kentucky side, where two physicians took immediate charge of him. The physicians expressed little hope that he would recover, but he is still living, and there is now a slight chance for his recovery.

So far as is known, no previous trouble had existed between the two men that could have provoked the deadly duel.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by local Catarrh Pills. Send for circulars.

SNOWBIRD.

LETCHER COUNTY AND WHITESBURG

What is Happening in this Rich Coal Territory of Kentucky.

Whitesburg, Ky., June 23.—There is considerable talk of a railroad—a branch of the Wasioto & Black Mountain line through the Line Fork creek section, southern Letcher county, terminating at Cornettsville on the Perry county border where connections will be made with the Lexington & Eastern. The road is to start from Henham the coal mining town in Harlan county and pass through Pine Mountain and down Line Fork, penetrating an immensely rich coal and timber field—the undeveloped regions, perhaps, in Eastern Kentucky. It is said that engineers are rapidly locating the road, which will prove an important connection. The road will be about 16 miles long.

Earl E. Tibbitts, of Madison, Ind., interested in a good-sized timber deal in Letcher county, and representing a vast lumber company in his state has been along the Lexington & Eastern in the southern section of the county for several days. The deal is likely to be closed within the next few days. The future will bring great strides in the coal and timber development of this section, already an expenditure of immense capital is being put into both industries. The lumber business is getting very active all along the L. & E. extension.

John W. Adkins, democrat has received his commission and has taken charge of the Mayking postoffice in this county. Simpson E. Adams republican, and the out-going postmaster has saw about 26 years of continuous postoffice work—an unparalleled record. Outgoing postoffice changes are likely to take place in Letcher county at once.

Aunt Nancy Polley, aged about 80 of Pert creek came near meeting death on the Lexington & Eastern railroad a few days ago. Aunt Nancy went to cross a "cattle guard" just in front of an L. & E. local. Just as the massive locomotive was nearing on the old woman fireman Short leaped from his place and pulled her off the track just in the nick of time, thereby saving her life. Fireman Short deserves a Carnegie here medal.

Kelley Frazier, aged 35, Big Cowan creek farmer, a brother-in-law of Major John A. Webb, of Whitesburg, died after a long illness of typhoid fever a few days ago. Frazier was doing well, but suffered a relapse. He was well known all over the county and his death is widely mourned.

Final arrangements were completed and transfers were made on the Letcher county school property on beautiful College Hill here in Saturday's meeting of the Letcher county board of Education and the town trustees, and arrangements will be made for the very early construction of a joint high and graded school building which cost about \$30,000. The building will be thoroughly modern and up-to-the-times.

Nanny Casebolt nee Polley aged 35, was arrested here a few days ago charged with arson, same having been committed in Pike county where the woman resided sometime ago. It is alleged that Mrs. Casebolt burned a barn in that county several months ago. The warrants were sworn out by the Rev. Jno. Casebolt, her husband, with whom divorce proceedings are now pending. The woman's arrest caused quite a sensation hereabouts. She was taken to Pikeville for a preliminary hearing.

A few days ago a pretty wee took place at Baker above here. Mr. Willard McKenney, aged 30, a painter of Fleming was married to Miss Della Collier, aged 16, the pretty and intelligent daughter of merchant W. B. Collier. The groom came to Fleming from North Carolina several months ago. It is his second marriage.

The rains of the past few days have brought renewed life into farm and garden products and everything, with the exception of Irish potatoes which will be practically a complete failure, is now looking prosperous. Within the past week there has been a splendid season, and farmers are jubilant.

Sunday and Monday were record breaking days so far as the heat is concerned, for the season. During the two days the thermometer stood around the 100 mark in the shade, and some instruments registered as high as 103 in the shade. This has been the warmest May and June weather known in many years.

Willard and Uncle Wiley Webb, of Mayking passed through Sunday, the former enroute to Portland, Tenn. to visit his father, and Uncle Wiley enroute to Richmond to visit his son, D. Wesley Webb for a few days. Uncle Wiley is in his 87th year.

Quite a number of the young people of the Baptist Church visited the home of Rev. and Mrs. Olin Hamilton Tuesday evening bringing with them a veritable shower of good things. The pastor and his wife have but recently returned after a protracted absence from Louisa, and appreciate the kindness of their friends.

Children's Day exercises at the M. E. Church last Sunday night were attended by an audience which filled the building and ran over upon the sidewalk. The varied programme was well presented.

You can't realize how big the bargains are unless you come in.
